SESSION 1: 6/09 – 7/9
SESSION 2: 7/11 – 8/8

AP COMPUTER SCIENCE A

Monday, Wednesday, Friday
1 – 3 PM

TEACHER
CHASE TAYLOR

- B.S. Computer Game Science, UC Irvine
- Former President of UCI Video Game Development Club (150+ members)
- Expertise in Game Development, Computer Science, and Student Mentorship

Mr. Taylor has years of experience mentoring students in coding and curriculum design. He brings a deep passion for computer science and game development, and believes in inspiring students through creativity and hands-on projects. His students not only learn programming skills but also develop critical thinking, problem-solving, and innovative mindset essential for future tech careers.

- **Teach fundamental programming concepts (Java)**
- **Build strong coding skills for AP success**
- **Prepare students to achieve 5s on the AP Computer Science A exam**
- **Spark passion for computer science through practical projects and challenges**
